**Webinar On**  
**“Approach towards Real-life Problems after Engineering studies”**

All the students are hereby informed that Department of Mechanical Engineering is organizing a One Day Webinar on “Approach towards Real-life problems after Engineering studies” as per following details:

**Name of Speaker:** Mr.Sanket Khuley

**Date:** 16/10/2021

**Time:** 2.00 PM

**Mode:** Online

Online Meeting link will be provided on the day of Webinar.

**Coordinator**

**HOD**

**Department of Mech. Engg.**

### **Objective of Webinar:**

The webinar aims to provide an approach to look at the real-life problems after your engineering studies. The webinar will give insight into the critical decision making and challenges involved when you start working in the industry. The participants will get to learn the real life examples of problem solving techniques and the experiences from the speaker.

### **Agenda:**

1. Introduction of a speaker and the profile
2. Experiences of a speaker as engineering student
3. Real life problem solving techniques
4. Critical decision making
5. Study and job abroad
6. Money management, stress management and work-life balance

### **Learning Outcomes:**

1. Understand the outside world after engineering studies.
2. The problem solving capacities as a person
3. Role of critical decision making in life
4. Choosing the appropriate career path

### **Resource Person:**

Mr. Sanket Khuley is a product life cycle manager consultant for DC charging station, gas warning devices and explosive protection devices. To summarize, he is planning to make planet greener and safer for everyone around. His profile is IT plus mech. He has completed his master studies from SRH Heidelberg in International Business and engineering and pursued his bachelors in Mechanical engineering from MMIT, Lohgaon, Pune.

The guest speaker was invited by Mr. D. P. Yesane. The Coordinator also gave the information about Marathwada Mitra Mandal's Institute of Technology (MMIT).

The webinar was conducted on Google meet Platform.
