THE INSTITUTION

The trust "Marathwada Mitramandal, Pune was established in 1967 by Hon. (Late) Shankarraoji Chavan as the Founder President. This trust is established through the inspiration of socially and educationally charged personalities, with motto (Welfare of Masses). The Marathwada Mitra Mandal Institute of Technology (MMIT) is established in year 2008. The institute runs under graduate engineering programs as Mechanical Engineering, Computer Engineering, Civil Engineering and Mechatronics Engineering. The institute is accredited with "A" grade by National Assessment and Accreditation Council (NAAC). The institute is also recognized as a nodal center for Virtual Laboratory from IIT Bombay. To impart employability skills in the students, MMCI (Centre for Invention, Innovation and Incubation) is established through a joint collaboration with Tata Technologies and DST, Pune.

ABOUT CIVIL DEPARTMENT

Civil Engineering is one of the core branches of Engineering. It involves planning, designing and executing structural works. Civil Engineering deals with engineered constructions, planning, design, construction and management. The Department has offered a four-year degree program in Civil Engineering since the academic year of 2019-2020, with student enrollment of 60. Faculty members are dedicated and well qualified with specialization in various areas.

OBJECTIVE OF TECHNICAL SESSION

The objective of workshop is to train students of Civil Engineering to understand the concept of

At the end of this workshop, participants will learn the concepts of:

- To enhance project performance and produce better outcomes. BIM helps the construction manager to gather data and information from the relevant disciplines and communicate them more effectively.
- Improve Onsite Collaboration and Communication.
- Visualize Projects in Preconstruction.
- Less Risk and Wastage in project
- Reduce costs and wastage
- Etc.

WHO CAN ATTEND

This workshop is open to all students in Civil Engineering, and allied branches.

This workshop will help participants to understand the concepts of BIM software in construction Industry and upgrade the practical industrial knowledge in view of bridging gap between industry and academia.

Interested Candidates have to register prior to the date of workshop.
