Report on Three days' workshop on "Stepping towards Problem and Project based Learning: Introductory workshop" on 20th Feb 2023 to 22nd Feb 2023 for teaching faculty of MMIT organized by Department of Civil & Mechanical Engineering, MMIT, Lohgaon, Pune.

The Department of Civil & Mechanical Engineering at MMIT, Lohgaon, Pune, organized a three-day workshop on "*Stepping towards Problem and Project-based Learning: Introductory Workshop*" from 20th February 2023 to 22nd February 2023. The workshop aimed to enhance the skills of the faculty members of the institute, particularly in the areas of problem-based and project-based learning.

Details are as follows:

Time : 9.00 AM to 4.30 PM daily

Date : 20th February 2023 to 22nd February 2023.

Venue : Day 01- Vishwaniketan's iMEET, Khalapur.

Day 02 & 03- Seminar Hall, MMIT Lohgaon Pune

Speaker: Dr. Vikas Vithal Shinde, Professor Mechanical Engineering Department and Director, Centre of excellence, Project Based Learning (PBL) at Vishwaniketan's iMEET, Khalapur, Mumbai University.

Day 1:

On the first day of the workshop, a visit was organized for teaching faculty of MMIT to Vishwaniketan's iMEET Khalapur to see their center of excellence of PBL, Business modeling Lab, incubation center & International fellowship. A total of 15 faculty members participated in the visit. The visit provided the participants with insights into the implementation of problem-based learning and how it can be integrated into various disciplines.

Day 2:

The inaugural function of the workshop was held in the MMIT Seminar Hall, which was presided over by Dr. Vikas Shinde, MMIT Principal Dr. Rupesh Bhortake, HOD Civil Mrs. Leena Deshmukh, and HOD Mechanical Mr. Sudhir More.

The second day of the workshop began with a presentation and team exercise, followed by a think-pair-share white/blackboard activity. The participants were divided into groups, and each group was given a specific problem statement related to their field of study. The groups were then asked to think of potential solutions to the problem and share their ideas with the rest of the participants. This activity encouraged collaboration and brainstorming among the participants.

In the morning session, a workbook and team activity canvas poster preparation activity were conducted. The participants were asked to work in teams and prepare a canvas poster that represented their understanding of the problem and potential solutions. This activity helped the participants to visualize and present their ideas effectively.

In the evening session of day 2, the participants were given a team activity to develop a project proposal based on the problem statement given to them. The participants were divided into teams, and each team was asked to come up with a detailed project proposal that addressed the problem statement.

The teams were required to identify the objectives, scope, methodology, and deliverables of their project proposal.

Day 3:

Morning Session:

The morning session of day 3 started with a poster presentation by five participants. The posters were related to Course Level PBL (CLPBL), Design of PBL Eco-system, Assessment and Evaluation in PBL, and Rubric Design Examples. The participants explained their posters and answered questions from the audience. The posters were informative and provided insights into the different aspects of PBL.

After the poster presentation, a team-based exercise on Rubric Design was conducted. The participants were divided into groups, and each group was given a task to design a rubric for assessing a specific learning outcome. The teams worked collaboratively to design rubrics that were aligned with the learning outcomes and were easy to use for both the students and the instructors. The activity provided a hands-on experience for the participants to design rubrics for assessing student learning outcomes in PBL.

Evening Session:

The evening session of day 3 started with a Question and Answer session. The participants were given an opportunity to ask questions related to the topics covered in the workshop. The instructors clarified the doubts and provided additional information related to PBL.

After the Question and Answer session, a Feedback activity was conducted. The participants were asked to provide feedback on the workshop. In the valedictory function on the third day, certificates were distributed to all the participants. The workshop concluded on a positive note, with the participants expressing their satisfaction with the learning outcomes and the overall organization of the event.

Conclusion:

The three-day workshop on “Stepping towards Problem and Project-based Learning: Introductory Workshop” was a success, with the participants gaining insights into the implementation of problem-based and project-based learning in their teaching. The workshop provided a platform for the participants to interact with experts in the field, share their experiences, and enhance their teaching skills. The event was well-organized, and the feedback from the participants was positive, indicating the effectiveness of the workshop in achieving its objectives.

THE INSTITUTION

The trust "Marathwada Mitramandal, Pune was established in 1967 by Hon. (Late) Shankarraoji Chavan as the Founder President. This trust is established through the inspiration of socially and educationally charged personalities, with motto (Welfare of Masses). The Marathwada Mitra Mandal Institute of Technology (MMIT) is established in year 2008. The institute runs under graduate engineering programs as Mechanical Engineering, Computer Engineering, Civil Engineering, Mechatronics Engineering and Artificial Intelligence & Data Science. The institute is accredited with "A" grade by National Assessment and Accreditation Council (NAAC). The institute is also recognized as a nodal center for Virtual Laboratory from IIT Bombay. To impart employability skills in the students, MMCI (Centre for Invention, Innovation and Incubation) is established through a joint collaboration with Tata Technologies and DST, Pune.

CIVIL ENGINEERING DEPARTMENT

The Department has offered a four-year degree program in Civil Engineering since the academic year of 2019-20, with student enrollment of 60. The Department is well equipped with modern infrastructural facilities and laboratories including ANSYS, MATLAB, Revit, 3ds Max & Etabs software's. Since its inception the department has actively participated in teaching, training, design & development, Research and extension activities. To ensure placement the department signs MOUs with different industries, engage in technical training, seminars and guest lectures by experts. Faculty members are dedicated and well qualified with specialization in various areas.

MECHANICAL ENGINEERING DEPARTMENT

The Department of Mechanical Engineering started in 2008 and works on the principle of overall development of students. It deals with Design, Development, Testing and Analysis of any system.

We have 16 well equipped laboratories to understand the practical working of mechanical systems. We also have a workshop with all essential machines including CNC Machine, Universal Testing Machine, Accelerometer, Turbines, petrol and diesel engines etc. Department is also equipped with two computer labs (80 computers). These labs are used for learning mechanical softwares like AutoCAD, CATIA V5&V6, MATLAB, ANSYS, Master CAM and Automation Studio.

We have a very strong industry liaisoning and MoUs with various industries and organizations. Students are encouraged to do the industrial projects and internships.

ABOUT THE SPEAKER

Dr. Shinde is the first Indian Ph.D. in PBL from Aalborg University, Denmark awarded by the UNESCO chair in PBL. He is an approved professor of SPPU, Pune and Mumbai University. He received the prestigious "Erasmus Mundus Mobility for Life" scholarship from the European Union in 2010-2014. He works as Erasmus + project coordinator and has been nominated as a Steering committee member for a project having an international consortium of six countries which includes Denmark, Spain and Bulgaria. He has 21+ years of teaching and administrative experience. He has published 07 text books, one international e-thesis, published 43 journal papers and two patents. He is guiding six PhDs in the areas of

engineering and PBL. He has acted as reviewer of international Journals and conferences. He has trained more than 7000+ teachers through 300+ national and international workshops on PBL and various teaching-learning methods.

OBJECTIVES OF THE WORKSHOP

This workshop introduces the pedagogical approach to project based learning (PBL) and its application in the classroom. The highly interactive and practice based course aims to provide concrete examples, ideas and tools to inspire and support educators in their lesson planning. This workshop aims to address three key challenges related to the implementation of PBL; how to establish effective collaboration among students, how to facilitate student driven activities and how to assess PBL in the classroom.

The key objectives of this workshop are:

- To get acquainted with the key elements and growing trends related to PBL.
- To learn how to use project planning tools and online databases to design learning activities.
- To learn how to engage students and motivate them to establish effective collaboration and develop problem solving skills as well as their self-esteem.
- To learn how to lead and deliver experimental workshops, simulation activities and interactive projects to foster students entrepreneurial mindsets and leadership characters.
- To know case studies that could be used and integrated in a real course

- To exchange good practices and discuss challenges with fellow colleagues and the course trainers.

WHO CAN ATTEND?

This workshop is especially for all the teaching faculties of Marathwada Mitramandal's Institute of Technology, Lohgaon, Pune.

REGISTRATION DETAILS

- Registration Fees: **Free**
- Last date to register **17/02/2023**
- Certificates will be provided to all participants

Sub: Letter of Invitation for Three days Workshop

Dear Sir,

We are delighted to invite you as a guest for a three-day workshop on "**Stepping towards Problem and Project-based Learning: Introductory workshop**". The workshop is organised by the Department of Civil & Mechanical Engineering, Marathwada Mitramandal's Institute of Technology, Lohgaon Pune and is scheduled to take place from 20th Feb 2023 to 22nd Feb 2023.

As the Professor of Mechanical Engineering Department and Director, Centre of Excellence in Project Based Learning (PBL) at Vishwaniketan iMEET, Khalapur, Mumbai University, we believe your vast experience and expertise would be valuable be an excellent asset to the workshop. We would be honoured if you could join us as our guest and conduct the workshop.

The workshop aims to provide an introduction to problem and project-based learning for educators and professionals who are looking to enhance their skills in this area. It will provide a platform to exchange ideas, share best practices, and explore new approaches to teaching and learning.

We are confident that your expertise in Project Based Learning (PBL) would make a valuable contribution to the workshop.

We look forward to hearing from you and hope that you can join us for this exciting event as our guest and workshop leader.

Thank you for your consideration, and we look forward to your response.

Regards,

Dr. R. V. Bhortake,
Principal, MMIT.

Sub: Seeking Permission for Visit at your Institute

Dear Sir,
Greetings from M.M.I.T.!

I have a great pleasure to introduce "Marathwada Mitra Mandal, Pune." At its various educational campuses, the trust has created excellent facilities of education catering the needs of Engineering, Architecture, Interior Design, Management, Law, Commerce and Pharmacy. MMIT, Pune is running the UG courses in the field of Mechanical, Mechatronics, Computer Engineering, Civil and AI-DS; affiliated to Savitribai Phule Pune University.

I am writing to express our interest in visiting your esteemed institute to learn more about the facilities and initiatives at Vishwaniketan iMEET, Khalapur. As a faculty member, we are keen to gain insights into the operations of your institute. We believe that your institute has set a benchmark in the field of education, and we would be honoured to learn from your experiences and expertise. The facilities and programs you offer are aligned with our institution's goals and objectives, and we are keen to learn from your best practices.

Our visit would provide us an opportunity to explore the research and development initiatives at your institute, interact with faculty and staff, and gain insights into your operational and strategic plans.

We would be grateful if you could arrange for a visit to your institute and provide us with a guided tour of the facilities; particularly the Vishwaniketan Incubation Center (VIC), Project-based Learning Center of Excellence (PBLCOE), Business Modelling Center of Excellence (BMCOE) & International Fellowship.

We understand that your time is valuable, and we would be happy to work with your schedule to arrange a convenient time for our visit, suitably on 20th February, 2023. Our team comprises 30 faculties, and we would be happy to provide you with further details about our team upon your confirmation.

Thank you for considering our request, and we look forward to hearing from you soon.

Regards,

Dr. R. V. Bhortake,
Principal, MMIT.

Letter of Thanks

To,
Team ViMEET,
Khalapur.

Dear ViMEET Team,

Thank you for accepting our request of conducting visit and guiding us through entire visit on "Project Based Learning", at your institute that was conducted on 20th February, 2023. Our special thanks to entire Honourable Management Members for allowing us for visit.

Our staff had a very good learning experience during the visit and feedback received from them is very positive. Our staff was able to understand the various activities, up to the expectations. They will surely take it forward by implementing the learnt things.

Please extend our thanks and appreciation towards you, for making the efforts in successful conduction of the visit.

We would be glad to be associated with you for future endeavors also. Thanking You

Yours Faithfully,

Principal
M.M.I.T., Lohgaon

Feedback Form for Three-Day Workshop on Stepping towards Problem and Project-based Learning: Introductory Workshop.
From 20th Feb 2023 to 22nd Feb 2023

Thank you for participating in the Three Day's Workshop on Stepping towards Problem and Project based Learning: Introductory Workshop. We value your feedback and suggestions as we strive to improve our workshops and provide the best possible learning experience.

Please take a few minutes to complete the following feedback form. Your responses will be kept confidential and will be used only for the purpose of improving future workshops.

1. How would you rate the overall quality of the workshop?

- Excellent
- Very good
- Good
- Fair
- Poor

2. How well did the workshop meet your expectations?

- Exceeded expectations
- Met expectations
- Somewhat met expectations
- Did not meet expectations
- Not applicable

3. How knowledgeable and experienced were the workshop facilitators?

- Extremely knowledgeable and experienced
- Very knowledgeable and experienced
- Moderately knowledgeable and experienced
- Slightly knowledgeable and experienced
- Not at all knowledgeable and experienced

4. How helpful was the workshop material in terms of understanding the concepts and applying them in your teaching practice?

- Extremely helpful
- Very helpful
- Moderately helpful
- Slightly helpful
- Not at all helpful

P.T.O

Feedback Form for Three-Day Workshop on Stepping towards Problem and Project-based Learning: Introductory Workshop.
From 20th Feb 2023 to 22nd Feb 2023

5. How useful was the hands-on experience in developing problem and project based learning activities?

- Extremely useful
- Very useful
- Moderately useful
- Slightly useful
- Not at all useful

6. What was the most valuable aspect of the workshop for you?

Method of Course Designing was most valuable.

7. What was the least valuable aspect of the workshop for you?

NA

8. What suggestions do you have for improving the workshop in the future?

I have missed the opportunity to visit PBL based Vishwaniketan institute. Please arrange it if possible.

9. Would you recommend this workshop to other educators?

- Definitely
- Probably
- Unsure
- Probably not
- Definitely not

10. Additional comments or feedback:

Excellent and fruitful workshop.

Thank you for your participation and valuable feedback. We appreciate your time and input, and we look forward to hearing from you again in the future.
