Speech: Mrs. Swatee Nikam Yewale, PhenoixZone Technologies PVT LTD, Pune

Introduction:

LATEX is a document preparation system for high-quality typesetting. It is most often used for medium-to-large technical or scientific documents but it can be used for almost any form of publishing.

Session by Mrs. Swatee Nikam Yewale

She is highlighted with importance of open source software available in report writing. She stared with installation of Miktest, various packages in latex. She covered all basic things and commands required during writing a project/seminar report.

Topic Covered:

Topic
Topic 1: Introduction This topic introduces the learner to Latex, its installation, and different IDEs
Topic 2: Styling Pages Styling front three pages of seminar or thesis report.
Topic 3: In this topic, the session starts by reviewing different paper sizes, examines packages, formats the page by setting margins, customizing header and footer, changing the page orientation, adding border to pages, page numbering (italic, numeric).
Topic 4: Tables and Images The topic starts by creating basic tables, adding simple and dashed borders, merging rows and columns, and handling situations where a table exceeds the size of a page. The sessions then continue to add an image, explore different properties like rotate, scale, etc.. How to add image and table name in list of table and images index.
Topic 5: Referencing and Indexing In this topic, the learner learns to add cross-referencing (refer to sections, table, images), and bibliography (references).
Topic 6: Presentation Making Using Beamer
