<h1 align="center">Industry Expert Lecture Details</h1>

**Subject:** "New trends in Data science and Artificial Intelligence"

**Attendee:** 63 SE Students COMP & AI DS & Faculty of MMIT

**Organized By:** Department of Computer Engineering, MMIT, Lohgaon-411 047

**Date:** 11th March 2023

**Resource Persons:**

**Name:** Mr. Yogesh Murumkar
**Company Details:** Director of Bharat Soft Solution, Pune

## Objectives of the Lecture

The objective of this Lecture for New trades in Data science and Artificial Intelligence. It covers a concept of Data Science & Artificial Intelligent & its applications.

## Program Outcomes

- Proper understanding of basics concept of Data Science & Artificial Intelligent & its applications.
- Students are able to understand & learn industry career opportunities in Data science and Artificial Intelligence.

**Speech:** Mr. Yogesh Murumkar, Director of Bharat Soft Solution, Pune

**Introduction:**

Data Science & Artificial Intelligent is an exciting topic about Career opportunities in Data science and Artificial Intelligence that can learn from examples. The topic covers the Artificial Intelligence Professionals train Artificial Intelligence systems to capture and process the data that provide solutions to a wide range of industrial, commercial, and professional activities. Since Artificial Intelligence is an area in full development, these professionals can conduct research on new applications to innovate. In the coming days, artificial intelligence professionals will collaborate with engineers, agricultural professionals, scientists, the banking system, doctors, biologists, HR professionals, IT systems, statistics, marketing, managers, economists, and even startups.
