## DEPARTMENT OF COMPUTER ENGINEERING

December 2020

A.Y.2020-21

### *Message From Head of The Department*

Welcome and best wishes to all the friends of the Department who receive this Newsletter. It has been an interesting and busy semester for members of the Department.

It gives me great opportunity to present the Nine issue of "MANIFESTATION".

This internal newsletter is one of the ways in which we can disseminate information on the life of the Department. The past semester was full of various activities by the students and faculty in academic, co-curricular, extra-curricular as well as research & developments. As you read through the pages you will realize, that the Department had a particularly successful semester, I would like to thank all my colleagues for their tireless efforts to help the department progress at a very steady pace.

Prof. SubhashRathod

### *Message from the Editor*

We are presenting you with the sixth issue of our newsletter "MANIFESTATION". Our intention is to put out two issues per year, one in the end of June and the other at the end of December.

The success of this newsletter depends on your response. I would appreciate your feedback.

**Realizing the Potential of Blockchain**

By 2025, the business value added by Blockchain will grow to over \$176 billion, then to exceed \$3.1 trillion by 2030.

57% of large corporations are either actively considering or in the process of deploying Blockchain.

By 2025, 10% of global gross domestic product (GDP) would be stored on Blockchain technology.

"Blockchain, which is already appearing in experimental and small-scale projects, will be fully scalable by 2023."
