

“Mechanised Design Applications”

DEPARTMENT OF MECHANICAL ENGINEERING

December 2016

A.Y.2016-17

Message from Head of the Department

”I am very glad to share with you the first newsletter from Mechanical Department MMIT, Lohgaon.” So let us strive to achieve excellence in whatever we undertake as professionals. The Department may excel with its exuberant achievements and research activities in the coming days. May God bless us all.

I am immensely pleased to provide my message to the Departmental news letter that the department is bringing out. This department is enjoying the working with such a bunch of students each year and across 4 years of their engineering program they make a mammoth strength in excess of 500 students constituting nearly 50% of the entire student strength of the college. The presence of these students is found in every activity or events, be it academic or extracurricular or cultural or sports that take place in the college or in the university.

I would like to thank all my colleagues for their tireless efforts to help the department progress at a very steady pace.

Prof. Rajat S. Patil

Message from the Editor

“As the saying goes by “Coming together is a beginning, keeping together is progress and working together is success”, I congratulate the entire editorial team for their solidarity in bringing out successfully the first edition of NEWS LETTER.

Asst. Prof. M. Y. Mokashi
