

MMIT EDC & IC CELL Report

- The institution has started an Innovation and Incubation Center to facilitate overall development of students, to help students to become entrepreneurs through start-ups, for Industry-Academia Innovative practices and to ensure that the research findings can be converted to products wherever possible and showcased to students, faculty and industry. This motivates faculty who are interested in commercialization of their research can avail of funding and mentorship and also for students to do research. This also helps with industry tie ups. Awards for innovation won by institution/teachers /students, start-ups incubated on-campus are explicitly commended by the institution.
- MMIT Incubation Center is set up under the Entrepreneur Development Cell (EDC) to enhance research activities and Industry Institute Interaction to create competent manpower. The Incubation Cell is well equipped with PCs, LCD projectors, printers and books.
- Through this cell, the institution promotes self development of students by encouraging them to participate in national, international events like COEP BHAU I2I, AICTE Smart India Hackathon etc. As a result, this year the students from Mechanical Engineering Department have secured the First Rank as ‘Best Innovative Project’ at BHAU Institute of Innovation, Entrepreneurship & Leadership, Pune and students from Computer Engineering Department were shortlisted for Grand Finale for Smart India Hackathon 2017 at Nagpur.
- Each department interacts with the industry to assure its needs and fill the gap in the curriculum. The institution organizes different workshops by inviting industry personnel to address students on recent trends in the technology and to update their knowledge.
- The institution also arranges industrial visits/field trips for students and faculties to different places to understand the industrial culture and functional challenges.
- The institution provides financial support to the faculties and students for publishing their research work in reputed national and international journals/conferences.
- The institution has published a number of research papers in different national and international journals in the last 5 years.
- A team of students from the Institution bagged the best Rookie Award by ABU-ROBOCON in National Robocon Contest 2013.
- Guest Lectures on Entrepreneurship and 3 day Entrepreneurship awareness Camp was arranged at MMIT.
